

Simplify your complex SBRT fiducial marker placements!

CIVCO Cartridge Kits reduce the number of needle passes and minimize the chance for Edema or Pneumothorax

1 Insert and guide needle to desired location and remove the stylet.

2 Use CIVCO's pre-loaded cartridge to place fiducial marker into needle hub.

3 Return stylet to deploy marker. To create desired reference, reposition the needle to add additional markers.

Specialty Marker Kit Options*

PointCoil™ SBRT Kit
