

Confident Pediatric Proton Therapy without Compromise

 **Universal Couchtop™**
Long Extension

 **ProForm™**

The Universal Couchtop™ provides confidence in your pediatric care with no rails or junctions in the treatment area to facilitate better access, delivery of dose and target coverage.

- Large, 108.6 cm artifact-free treatment area with quick and easy attachment
- Extension features geometry that allows for direct access to effectively treat CNS pediatric patients
- Homogenous treatment area and soft gradient edges reduce beam degradation
- Prodigy™ 2 indexing with 7 cm spacing
- Thermoplastic mask attaches with a smaller profile frame and pin similar to CIVCO RT's Type-S™ system
